

## Vision

**Our school vision is of an inclusive community growing in faith, love and knowledge.**

## Mission

**Our mission, as a school community, is to provide an environment which is inclusive of all people.**

## Values

We grow in Faith by encouraging... Children to grow in the Catholic faith. And developing values consistent with the teachings of Jesus.

We grow in Love by promoting.. A caring, supportive community which accepts the uniqueness of individuals: Equality, justice and community involvement - And strengthening the relationships between church, school, family and community.

We grow in Knowledge by... Engaging students in their learning - Enhancing the total development – spiritual, academic, moral, social, physical, emotional, cultural – of each child to contribute actively and responsibly in society.

We grow in Love by promoting.. A caring, supportive community which accepts the uniqueness of each individual: Equality, justice and community involvement - And strengthening the relationships between church, school, family and community.

### Catholic identity

**Goal** – To build teachers' capacity in understanding the religious education curriculum to ensure engagement of learners and progress for all students.

#### Strategies

- Professional Development revising curriculum
- Differentiation of assessment
- Using hooks to engage students

#### Success measures

- Differentiation of assessment is visible in all plans
- Using hooks to engage students
- 10% students progress to next SRS achievement level

### Learning and teaching

**Goal** – To build teacher efficacy and capacity in the Australian Curriculum Mathematics V9, using data effectively to inform first teaching practices

#### Strategies

- Professional development V9
- Identification and application of consistent problem-solving strategies
- Examination of PAT data

#### Success measures

- Students use problem solving strategies
- 15% increase in students reaching above year level within Mathematics

### Wellbeing

**Goal** – To promote student engagement and behaviour, enhancing student wellbeing, through the use of consistent PB4L practice.

#### Strategies

- Participation in PB4L online modules
- Matrix of behaviours taught, modelled and displayed in all rooms
- Consistent implementation of behaviour policy

#### Success measures

- Increased distribution of Behaviour Awards
- Increase in student attendance figures
